Greetings,

Welcome to the ServeNebraska – the Nebraska Volunteer Service Commission to those who are new board appointees and a hearty thank you for continuing to serve to those who've been with us for longer. Nebraskans have a proud history of community involvement — of joining together to help each other and making our state thrive. We are coming upon a new horizon for the Commission and you are going to be a valuable part of helping us accomplish new projects and direction. Our Commissioners represent a variety of communities in our state and are dedicated individuals who work collaboratively to guide the Commission to a new level of public visibility and knowledge.

The Commission Handbook was developed to serve as a resource manual of what the Commission is all about and the programs we're primarily responsible for. It is not intended to be read from cover to cover, but to be used as a resource and to look up information periodically when you have questions. We do expect to upgrade different documents in the Handbook from time to time and will simply give you a hard copy to replace the previous version.

I am confident you will find the information presented here to be helpful and provide you with more insights about all of our programs! If our staff can provide you any information to make your service to the Commission easier and more enjoyable, please do not hesitate to ask. Thank you for all you do.

Warm Regards,

Barbara Wilson Thomas, M.S.E.
